Dear Dr. Cushing,

Replying to your letter, in which you say autumn will be time enough to consider the Abridged Edition of Osler's Life:

If we could have it before January 1st, we could be ready in time for the early fall business, which now requires that the West be covered in the late springtime.

We would of course wish to make and publish it in the U. S. A., and I believe we will place twenty thousand copies the first year, if at about \$5.00 list.

I had to see Dr. Christian and, while at the hospital, called at your office Friday afternoon last.

I believe the two volume book will carry on through the year remarkably well, and if we can have the abridged book for next year, it will be a great success.

Very sincerely yours,
