Dear Harvey

Oster's life is one of the greatest biographies
of all time & a monument to you. How on
earth you could squeeze into your crowded life
the time to do such a task, selective & labor-
love, is a mystery! It must have meant
Boorells of "midnight oil". Thank you for
inspiration & pleasure it gave me.

kindest remembrances to Mrs. Cashin's
and yourself

Very sincerely

E. L. Turnbull
