Dear Doctor Cushing,

I finished the copy of 'The Life of Sir William Osler' a couple of weeks ago. Both the life of the man and the telling of it are far and away too splendid for momentary comment. I got a great 'kick' out of it. It is a great inspiration to effort and industry. I wonder if you have any reprints left on 'William Osler the Man'. If you can spare a couple I would greatly appreciate them; also your Ether Day Address on 'The Personality of a Hospital'.

I am just getting up after a session with this influenzal pneumonia that has been making rounds. I had a pretty close squeeze but am all right again.

With best regards to yourself and Dr. Horrax,

I am, Sincerely,

W.P. Van Wageningen
