HARPER HOSPITAL
DETROIT

April 4, 1926.

Dear Dr. Cushing,

Allow me to take the liberty of thanking you for your wonderful contribution to medical literature in the life of Osler. I have just finished reading it, and I feel certain that my work will profit from the inspiration I derived. It is the most interesting biography I have ever read, and I am indeed grateful to you for many hours of pleasure and inspiration.

Respectfully,

Harold C. Mack
