232 MICHIGAN STREET  
TOLEDO, OHIO

April 9, 1926.

Dear Dr. Cushing:

Thank you so much for inscribing my Osler for me. You are no doubt bored by this time at any mention of the book, but may I say just this, which all of critics have so far overlooked. Your Osler has done more to stimulate an interest in literature, at least out here in the West, than has any book which has appeared within my memory.

Very gratefully yours,

John L. Stifel
