Thank you
 Kate for
 your letter

Harvey
 I am anxiously watching
 for word of when you are
 coming. And if you
 are coming here before
 you go to Edinburgh. I
 am now sure that I shall
 you go to Scotland with you.
 I had such a delightful time
 been there with Tom & Amy
 and Campbell Howard
 for a week. I have had
 many American doctors
 here since I came home & at
 present William Sidney
 is here on his way to Rome
 for a Malacca Conference

He looks very well & has
inherited from Susan a funny
little nervous cough - I wish
about with an inflated
appearance & am daily
congratulating on my wisdom
in having persuaded you to
do the Biography - We'll be
inflated together when you
come - So? I wish Julia
had to come to help give
you lectures - Why not
bring Peter, or ^{or} Susan
perhaps - I'll have reviews and letters
ready for you - Have you
seen Paul Edmunds review
in the Hopkins Bulletin?
Much love - And to your
family - Affly Santo Rev.
