Dr. Harvey Cushing,  
Boston, Mass.

Dear Doctor Cushing:

The profession is  
certainly deeply indebted to you  
for the two splendid volumes of  
Osler's life. They are filled with  
a wealth of information that  
could have been preserved in no  
other way. I have just com-  
pleted reading them and

thoroughly enjoyed every page.  
 It must have taken untold care to  
 verify, circumscribe, and analyze  
 the multitudinous events and  
 occasions. They are a very wonder-  
 ful appreciation of Aster's life,  
 spirit, and contacts. The story  
 is woven closely everywhere.

Very truly yours,

Walter L. Burkett,  
 708 Church Street,  
 Evanston, Illinois.
