CUSH 17/57.374

My dear Dr. Cushing: Since  
last spring when I read  
Dr. Osler's life - from cover to  
cover, I've wanted to thank  
you for many hours of enjoyment  
but it takes me a long time  
to assemble my courage!

It was long - but I was  
sorry to have it end, and  
felt as distressed in reading  
of his death as if he had  
been an old and dear friend.  
I'll u-nad it I know.  
And the book is beautifully  
printed and bound.  
May thanks from Susan Delano McTebe
