Dear Harvey:

I am very much pleased to notice that you have been awarded the Pulitzer Prize for the best Biography for the current year.

I thoroughly concur in this opinion. I have been reading your "LIFE OF SIR WILLIAM OSLER" with the greatest degree of pleasure, and it is very remarkable to me that a work of this nature could have been written in such a manner as to be so thoroughly absorbing to a Layman.

One of the points of interest is the letters that Osler wrote to Dr. H. V. Ogden. It happens that for a considerable period I came in very direct contact with Dr. Ogden, and became very much attached to him. My oldest child, a boy, was taken ill in Wisconsin, and Dr. Ogden attended him, and while we lost him, he endeared himself very much to Mrs. Peter and me. My Mother spent the last eight or ten years of her life in Milwaukee. Dr. Ogden took care of her for me and made her last years comfortable.

DR. HARVEY CUSHING,--#2.

I hope very much that you and the members of your class will have a very pleasant re-union this year. Please remember me to any friends that will be there.

Starling Childs and Bus Forsythe were with us last year.

With best wishes, I am

Very sincerely yours,

GFP/cgl.
