My dear Dr. Cushing

I want to thank you for the very great pleasure your book has given me. I had watched eagerly for it ever since Dr. Edmund J. A. Rogers sent you his "Personal Reminiscences", at which time I was doing his Secretarial Work, & my keen regret is he did not live to enjoy reading your splendid work. It would have been a source of delight to him.

With his deep admiration of Dr
Osler - from the intimate asso-
ciation with him, living in his
house during the 4 years of his
Student-life at McGill - They
had many characteristics in
common - the great love of books &
interest in research work - Magnetic
personality & wholehearted devotion
to their profession - What an inspira-
tion! Such a book as you have given
us must be to the young of profession
A gain thanking you believe me
Very sincerely yours -
Beatrice Miller
