CUST 17/59.1

That against your son was that he  
when passing to the School put  
his mouth to the key hole of  
the door and called out  
contemptuously "Come out of  
old No. 1" with other  
disparaging terms

as to sending my son here to  
school, I would never disgrace  
a child of mine so much as to  
have him under the jurisdiction  
of men capable of acting as the  
majority of the Soudas Board  
of School Trustees have done
