Valescure. *Pres St Raphael Van
Quers Hotel*

D.B.Munro to Arthur Thomson.
11th Jan. 1904.

Dear Thomson,

You are of course aware that the Medical Graduates are going to send a deputation to the Chancellor. I have heard from him. He will receive the deputation, but not before February, and will consult me first.

I have promised to get copies of the papers which were sent through me to Mr. Balfour and which note the case fully. This I think is all that is necessary at present.

It will be convenient to have a copy (or copies) of the report which was published of the meeting of Medical graduates.

I do not know what newspapers it appeared in. I saw it in the Oxford Times about a week ago. Probably the number of Jan. 9th. I observed a significant omission. Nothing was said of Sir J.B.Sanderson's opinion being in favour of your proposals.

Yours very truly,
D.B.Munro.

I return to Oxford on Thursday night. If there is anything pressing write to me at

Hotel de la Cloche
Dijon

whenever I expect to be on Tuesday night.
D.B.M.
