My Dear Sir

Many thanks
for your lecture on the
Rhode Island Philosophers
which I have enjoyed
very much indeed.
At this time any consider-
ation whatever which
would induce you to
play the role of a Peppercorn
in

into the rehabilitation
of what ought to be a
great university? Or
would you be wishing
to entertain such a
proposition for a moment?
This praterpore inter
and solo ipso!

With kind regards to
the Misses & His Reverence
Yours faithfully

J. H. Murray
