Dr. Henry Barton Jacobs,
11 Mount Vernon Place, West,
Baltimore, Maryland.

Dear Jake:

Can you jot down for me, below, some of the sequels of the famous meeting in McCoy Hall when W.O. ragged the Mayor? Of course the Tuberculosis Commission followed, at the next session of the Assembly. All this you have in your paper, but there were other things, e.g. the "Quaker Club" with its 25-cent coupons, - and was this not a forerunner of the tuberculosis Christmas stamp? Can you tell me when they began, and whose idea it may possibly have been?

*Quaker Club
cf. Myland Med. Journ. 1902 p. 142*

Always yours,

Harry Truman

Dear Curb, I am an old man now and I do not remember details well. I recall the McCoy Hall meet'g but can add nothing - The Xmas seals originated in Sweden & some woman in New Jersey introduced them locally, then Nathan Shamm or some New Yorker took them up for the Red Cross & Th Campaign -

I have the original records of the beginning of the National Th. Assn. in which W.O. took such a leading part - It might be well for you to run over there, I can have my secretary send you the book if you will surely get it back to me -

Knopf has written the history of the Th. Assn. & a biography of W.O., probably you have seen it.

Sorry I can't help you
