1929 DR. THOMAS McCRAE  
~~1527~~ SPRUCE STREET  
PHILADELPHIA

September 23rd, 1921.

My dear Harvey:-

*from myself to mother*

In going over some letters, I found two or three points which may be of help with regard to where W. O. was in certain years.

They evidently spent the summer of 1902 in Murray Bay. I do not suppose you want anything specially about the life there. W. O. as a rule worked in the morning and generally played golf in the afternoon. In 1903 they had a house in Guernsey. I find a note of my being there in August. My recollection is that they spent about two months there. In a letter of my own dated August 23rd, 1903, I find this: "Mrs. Osler has gone to <sup>Harrigate</sup> Harrigate for some treatment with the baths. Dr. Osler is up in Edinburgh." I have no recollection as to what he was doing in Edinburgh. My letter was written from Newcastle on my way north and I was in Edinburgh later but have no recollection of seeing W. O. there.

One of our men from here, named Burgess Gordon, has received an appointment under Christian. If you come across him I wish you would give him a cheering word. He is a very nice boy even if he has a red head, and I hope he is going to do well up there.

With best wishes, as always,

Yours very truly,

*Thomas*
