(Letter to Edward Milburn, Esq.)  
(typewriting)

Oct. 7th ('05)

From the Regius Professor of Medicine, Oxford.

Dear Ned,

I send on a book to-day, you will be interested in it, particularly in Kipling's poems. It is a book that would be worth introducing into the schools in Canada.

That was indeed a great turn-over, and it will do good. Love to Mrs. Milburn and the girls.

Yours

WM. OSLER
