

Aug. 1913.

(Extract from Dr. Maude Abbott's letter of Aug. 24, 1923)

. . . Two years later, in August 1913, the Museums Association organized the Section of Museum Technique of the Museum of the International Congress of Medicine in accordance with the arrangements made at this meeting Sir William called in 1911; and following that, in October 1913, Lord Strathcona's gift was obtained, the final step in our appeal for this being taken by Sir William as shown by the letter I sent you.
