My dear Sir William,

White's book "A Primer of the War for Americans" is being translated into French, Italian and Spanish, and the book which he subsequently wrote in conjunction with Agnes Repplier is being translated into these three languages, and also into Swedish. These translations are already in type and the Spanish of the former has been sent to be printed off, but copies are not actually yet available. I will see that copies are sent to Dr. White as soon as they are available.
