Dear Blackader *come!*

?
Yours of 1st. to hand this a.m. So glad you had a good meeting of the old association. All goes well here - very busy with one thing and another. Worried of course about the boy who has been in the thick of all this recent fighting. He writes very cheerfully. I see Adami very often. Armstrong & ~~Primrose~~ come to us today for Sunday. Finlay has done such good work - every one feels that he has been a very strong card.

I will keep my eyes open for any special books for the Library. Such a nice way to perpetuate the memory of the dear fellow.

Love to Mrs Blackader.

Sincerely yours

W^m Osler
