(Dr. H. V. Ogden)

From the Regius Professor of Medicine, Oxford

12. VI 17

Dear Ogden,

So glad the bookworm reached you. It is a great thing to have America in the war. Final success is now assured. I do hope you will be able to get over. The medical work of a unit would not be too much. Do come to us at once should you be fortunate enough to get over. We have just had Cushing and the Harvard men with us.

Revere was home for his first leave, looking the picture of health. He is back again and in this new push.

Love to you all.
