Dear Pilcher

Thanks for that nice volume-full of all sorts of good things. I hope all goes well with you & yours. If the young Dr. P. comes over & ever gets to England tell him to come to us & let us know of any special friends you may have. We have a constant stream of Americans now & it is such a pleasure to see them. We are in for a long hard struggle, but the end will be with us.

Ever yours,

W<sup>m</sup> Osler.
