SIR :

I have the honor to inform you that you were elected a

your scientific labors,

I have the honor to be very respectfully,

To

Correspondent of the Academy of Natural Sciences of Philadelphia.

THE ACADEMY OF NATURAL SCIENCES  
OF  
PHILADELPHIA

OFFICE OF THE  
RECORDING SECRETARY AND LIBRARIAN

November 27, 1911.

My dear Mr. Ridgway:-

We are now trying to form an idea of the size and cost of our proposed Anniversary Volume about which Dr. Moore has written to you, but we cannot do so until we have definite knowledge of the proposed contributions. We hope to have a sufficient number of papers of a dignified and permanently valuable character to constitute a desirable quarto volume. If you propose to contribute can you tell me the title, size, and possible need of illustration of your paper? If you have anything prepared we would be glad to receive it at once, as it is desirable to have all the material in hand as soon as possible.

Yours truly

Secretary.

THE ACADEMY OF NATURAL SCIENCES  
OF  
PHILADELPHIA

LOGAN SQUARE

May 25, 1911.

*Mr. Robert Ridgway,*

Dear Sir:-

The Academy of Natural Sciences of Philadelphia will celebrate, March 19th, 20th and 21st, 1912, the hundredth anniversary of its founding.

In connection with the event it is intended to have scientific sessions for the reading of papers, some of which will be subsequently published in an anniversary volume.

The co-operation of the Academy's distinguished members and correspondents will be necessary to secure the success of the celebration and you are cordially invited to take part by the contribution of a memoir, which, it is hoped, you may be able to read at one of the sessions.

An early advice as to the possibility of accepting the invitation will forward the work of the Committee. I remain,

Yours truly,

*J. Percy Moore*  
Corresponding Secretary.
