Dear Dr. Bowdler-Sharpe.

I am sorry to
trouble you about a trifle
when you have so many
important things to
think of, but perhaps
you may remember
that you kindly con-
-sented to inquire

about a little coin or
token which was found
under one of the floors
of this house.

Please, don't trouble
yourself about it if
it should have been
misaid.

I hope that you have

had better health lately
and that all of your
family are well.

Yours sincerely

J. P. Alexander.

My dear Dr Sharpe.

I was very sorry
to ~~see~~ miss your familiar
figure at the Bird Room a
few days ago. I hope your
illness is nothing serious. and
that you will come back lusty
& strong to your work. We
are having wretchedly cold weather

down here - not a place - by any
means to bring you down to yet.

But perhaps in a week or two -
or rather after my lecture... I may
induce you & Emily to come down
in my motor. for a day or two -

With kindest regards.

Believe me.

Y^r sincere

Boyd Alexander.

Please remember me very
kindly to your daughter.
