Dear Sir

A short time ago I received your
a^{ct} for British periodicals for the last year
and also supposing the demand to be the same for the
present year the a^{ct} for it also.

It is not an easy thing to get the minds of people
what they do with. Before receiving your letter
I endeavoured to guess at what would be
required and sent an order accordingly.
I find however that our Colonial periodicals
have entirely superseded the demand for
Scotch. I wish you therefore to discontinue
them entirely. I had a small bill against
the educational Board which I have sent
to Rev. G. Patterson with instructions when it is

passed by the Board to send the order for the
Money to you which please to pay me
credit for and we will square accounts
when I see you
