

Glasgow 18 Decr 1857

Dear Sir,

We are in receipt of your favor of 9th Ult^o which has only now come to hand.

As any Brooch we could purchase under several Pounds would be rather spalling, & as 20/- would suffice for the purchase of a very handsome Pocket Bible we thought it better to procure the latter, & have accordingly bought a very pretty copy of Bagsters Volyglott with Gold rim & clasp, which we forward today to Miss Morrison. There is little doubt that it will please -

Again begging you to accept the expression of our good wishes,

We are

Yours very truly,
Geo Dawson Esq
Montreal
(P. 510.)

Yours very truly,
James Orr & Son
Sheel Watson

P.S. If you take any interest in the
matter you will find an account in the
paper sent herewith of the state of affairs
in our Western Bank. It is a sad calamity
for Glasgow
