

Saint John June 25<sup>th</sup>)

Dear Uncle

It gave me very much  
pleasure to receive your last very kind  
letter and also to learn that you  
are really coming to S. J. John  
I will be so very very happy to  
see you and hope you will find  
yourself contented to remain here  
for at least some weeks it will  
<sup>make me</sup> only too happy to try to make  
you comfortable and spend a part  
of the time also with you at Colltown  
but then I expect you will not  
think of not ~~run~~ making up your  
mind to go round the City also  
and seeing the beauties around  
I from what you wrote I  
understood that you were going on  
to Pictou on or about the 16<sup>th</sup>  
but I think you would not find  
the Steamer going at that time

But perhaps there may be some other  
on the route anyway & was thinking  
that you might be in Pictou by  
this time perhaps or if not this  
will meet you when you go on  
If you have time I should  
like to hear from you ~~at~~ Pictou  
but at all events I should like to  
hear from you before you come on  
about what time you would be  
here and perhaps Telegraph or  
let us know what night you  
would come on by the Steamer  
that we might be down to meet  
you. I was speaking to Mrs Pelletier  
the Lady whom I spoke of as  
having Rooms Last Season at Colton.  
She is going to along with one  
next week to see what the  
accommodations are this Season  
I believe there would be a  
little preparations necessary

but that can be done very  
soon. I hope you will  
enjoy yourself very much at Pictou  
and both yourself & George be  
very much benefitted by the  
Leisure: it will be very pleasant  
to see the dear old Place  
again. I sometimes when thinking  
of Pictou feel as though I should  
like to be there just to take a  
peep. But I hardly think I  
would like to return there to live  
I like this place much better  
than I did at first and I  
have met many exceedingly pleasant  
kind persons here which keeps  
me from wearying or finding  
the time long and then there  
are so many pleasant walks about  
the City these five evenings that  
it is quite a treat to go  
about. I think you would like

the place where we live it  
is a very quiet retired street but  
a person has only to go a short  
distance to get into the heart of  
the city. I can say that I have  
reason to be very thankfull for  
my many mercies. I am very  
well very happy and very comfortable  
but am longing very much  
for the pleasure of seeing you and  
George. Give him my love  
I hope they are all well in  
Montreal with best wishes

I Remain Yours Very Sincerely  
Agnes Stewart
