My Dearest Darling Sweetest
Edward -

I love you now more
than every one in the
world - All the
happiest ~~and~~ pleasures
of my life are connected
with you - You were
loved to me more than
I can tell - I looked
up to you and thought
you were the best &
finest thing amongst men

2.

My best wishes & luck
be ever with you

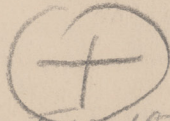

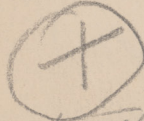

also Dearest Darling
you may have all
my love except a
little which I leave to my
family & best friends

Good bye from
your very devoted &
loving

Love

This life dearest
is only a short pre-
paration for the next
which is forever, so

we will meet again darling before long -

and then we can be together till the end
of time. I love you a thousand times more
now even, than when I wrote this note. P.S.
