

295, University Street,  
Montreal.

Thursday.  
Nov. 17/10 -

Dearest Eddie

I have not written since  
last Thursday or Friday have  
I? - which is perhaps rather  
near home - but really  
I have been frightfully  
busy - and I only  
have exactly six minutes  
to write to you now - I  
will see how much  
I can say -

I went to the Shaugnessys

2.  
dance . but hated most  
of it - I hardly knew  
anybody. I have never  
seen such a mixed  
crowd - I had supper  
with Mr Digby - I think  
he is so nice - don't  
you.

Last night I was at  
the Bees dance, and  
just had a gorgeous  
time. I could have  
filled my programme  
about six times - supper  
included — It really  
was the nicest affair!

I have been <sup>3</sup> to you ages.  
The only trouble was that  
I had to get up to go to school  
this a.m.

I am going not to another  
little dance tonight, and  
a bridge and dance combined  
tomorrow night - I think  
by Saturday I will want  
a rest cure - Am I  
not giddy - but it's  
rather horrid of me to tell  
you about all these  
nice things when you  
cannot go to them.

<sup>4</sup>  
Mrs Winslow came to  
dinner on Monday night  
and then came down  
to see the girls & boys  
club - she was so  
interested - I am so  
glad she was able  
to come.

I can picture you  
I think I can put  
up with a cutaway  
if it's on you!  
Honey! I do think  
you will look stunning  
I think Mr. W. was very nice indeed

I wish you such a nice present.
