Dec: 9th/22.

Dearest Edward.

Life is a strenuous rush this last 2 weeks. I have been out almost every night and afternoon - I cannot remember every thing I have been doing - But I see to be flying for one thing to the next all day -

I have been making the loveliest Christmas calendar with pictures I have collected pasted on to a card & then a ribbon & a little calendar

Shew of while you father & Mother
were there !!! — London will
forgive you as I expect you
are under as hard as you
can so that you will be back
as soon as possible — I know
I scarcely know a minute myself
think of you !!! —
I am hoping you will be explicit
with all this — I also am taking
the lice in the affairs of
vacancies —

added - I have also been
painting some photographs -
I wish I had not to send them
away before you get back.
I would so like you to see
them dear -

Gladys is still with me.
She is such a dear, & so
nice in the house -

I have just been speaking
to Mr. Gilman. He is upset
as I am that you have
not written more - I
think you just wrote the
first two letters to me to

So much to be of you darling &
a long if for to come back
We will have a nice time won't we
dear —
Must see how —

The children are all well
with attention my self — I hope
you are quite well
with love from
Lion —

John says to come back soon as
he is having a bad time with
all the work in the house
95th .

Just called for return
