My dearest + most darling Husband -

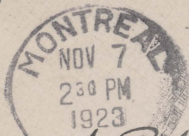

I can't tell you how glad I was to have your sympathetic + affectionate little letter today - It has made all the difference to me + cheered me up greatly - But I do wish your trip was finished - I just long to have you back with me, when you do come I am going to look all relations out of the house + we are going to enjoy each other. Poor old darling, I expect you need a little spoiling yourself by now. Unless the Japanese girls have done that too thoroughly -

I found an article in the Leisure Magazine last night on Mental Transference. It must be the same one that you saw in the Star - I must keep it - + we will have an experiment when you return.

I had tea with the Glets today, Eleanor goes back on Friday -

Much love to you dear and do wire me when you start for home, as I will have to arrange ahead of time for the Band to turn out. I am off for a nice hot bath + the bed.  
- yours Lois -

Please forward.
