and Cafe

Anyox, B. C., Monday Nov 12th / 23

My dearest Lois

Just one of those brief little notes you recommended! I am sailing for Stewart today to visit the Premier Mine and to see Stewart, B.C. and Hyder Alaska. They tell me I shall see snow at last. Here it is mild and we go about without a coat or else with a rain coat. It rains or fogs almost continuously but when the sun comes out it makes up for us by showing a wonderful picture of water and mountain wreathed in snow and mist.

Nothing exciting to report. We hope to get back to Vancouver in about a week. Then spend a few days cleaning up there and then go to Seattle for a day or two, then Nelson, Trail, Rossland, Kimberley and Calgary. Then Winnipeg and home.

They have wired us to call for mail at Stewart so I hope one of your letters will be there to greet me.

I hope you are getting along well and are feeling more like yourself. With best love to you and the children.

Your affect husband
Edward.
