

416 Roslyn Ave

Westmount

June 24<sup>th</sup> / 26.

My dearest Edward.

I got the children home safely this afternoon, it is a great relief to me, to have the operation over successfully. I met Dr Moffatt in the hospital this morning, he thought I was looking pretty all <sup>over</sup> ~~in~~. I expect I was - my arms & legs had been trembling all over & are

full of sunshine + a sense  
of protection - Three windows  
two of which looked right  
up on the mountain - and  
it was so quiet not a sound  
of motor or street car.

I received two letters of  
yours from Mr Gilman this  
afternoon, which were interesting  
one en route for Selkirk  
+ Stewart - + the other en  
route between Dawson +  
Stewart - I liked the  
post card of Dawson City -  
Ruth + John have to keep

still - I suppose I worried  
more, after Alice having  
had such a bad time.

So here we are at  
416 Roslyn Ave. We three  
little people all by our  
selves - the house seems  
queer + lonely, I hate  
the thoughts of sleeping here  
at night - I trust the  
"ogle google" won't get  
us! -

We were quite sorry to  
leave the hospital, our  
room was so bright +

quiet for another few days

I had a letter from  
Miss Barlow saying that the  
children were well in Como  
I must send them some  
money.

I have nothing very interesting  
to say - but I expect you  
like hearing about the kids.

I expect to go back to  
Como on the 30<sup>th</sup> or July 1<sup>st</sup>  
I want to try + get a little  
rest before you come back  
I am so tired - You better  
plan to be back Friday the 16<sup>th</sup>  
love from Lois
