Dearest Edward

It has been extremely warm here all day, one hardly knows what to make of it at this time of the year, when you are all ready with fur boots and coats for the North Wind & snow—

Aunt & I drove to the top of the mountain before dinner to see the eclipse, which we had an excellent view of. It was most interesting but took longer than I expected.

I took your mother to the Guild
tea at the Synod hall today
Lady Tweedsmuir was the guest
Speaker - I had hardly arrived
when I was asked to go to the
entrance and receive her with
about 7 or 8 others. So I went
& made my little bow - She
gave an interesting talk on Holy-
rood Castle in Edinburgh -
After she finished Mr Guiton
gave an illustrated talk on a
trip he had taken last summer
in his holidays, it was fascinating
the trip place, going over the
Himalayas to little states
bordering on Tibet - he travelled
over some country of which no maps
