Dear Mrs. Winslow-Spragge:

I decided to get to work on the materials you have either given or loaned to us, some via Professor Peter Eakins. The product of this is recorded in the Accession lists 1377, 1458, 1490 and 1493. At the photographers there are still a number of items, which had not been copied with the earlier filming by Arnott, Rogers & Batten. These include: 1377/1, 10, 11 and the G.M.D. painting of the Chateau de Ramezay. When I learn that you have returned to Montreal I'll 'phone for an appointment and return to you the loaned items.

The G.M.D. pencil sketches have not been microfilmed as yet but I'll have them photographed when I'm sure that the new camera operator knows his job.

Some 45 2" x 2" slides were sent off to Professor Peter Eakins early last week and I received word this morning that they had arrived safely and that he was very pleased with their quality. Almost all were made from material listed in the first three attached accession lists.

Mrs. Andreassen and I will probably spend the next two weeks on Cape Breton Island.

We do hope that you have had a pleasant summer. We've had a very wet one here in Montreal.

Cordially yours,

*John Andreassen*
