

McGILL UNIVERSITY P.O. BOX 6070, MONTREAL 101, QUE., CANADA

Answered Sept 27th / 73

14 September 1973

Dear Mrs. Winslow-Spragge,

During the past year we have transferred much of our collection into acid-free boxes (about 3,000) and in the process have gone into a bit more detail in descriptions of selected materials. The attached is an example, where we have given a detailed listing to the photographs in Sir William's photographic album.

Sincerely yours,

John Andreassen
