My dear Clare, As to the ages and dates that you ask for, I have them all pretty definitely in the Family albums with obituary notices.

The nearest we know about my Mother (Lady Dawson) is that when my brother George died in 1901, she was 79 according to the best information. Hence, when she died in 1913, she would be 91.

My Father, (Sir William Dawson) is quite definite: - Born 1820, Died 1899, at age 79.

Your Father, (Dr. B. J. Harrington) as given in "The Gazette" at the time of his death, is as follows: -
Born, Aug: 5, 1848. Died, 29 Nov. 1907. Age 59.

Also, your Mother, Anna L. Harrington: -
Born, Feb. 16, 1851. Died, 24 Aug. 1917. Age 66.

The genealogical chart that I made, does not give any dates or ages; but only the family relationships. I tried to make a later one, as a supplement, to bring things up to date; but I never got it finished. - But I hope that the above will give you what you wish -

With best love to you,

Uncle William -
