

just the looking glass for p. been
 I thought we had one, do you re-
 member, or then that the one they
 were broken when we took it out
 of Mrs M.'s room - I will have an
 other look & see you again - just
 look no more in your room as
 what I had before, it seems from
 of they be matched -
 I do not forget that Mrs M. &
 I will have a list of things that
 I brought no more to the house
 as the house is the house - I do not

or well the children are
 no trouble at all, being in
 my hands such all the children
 they are as happy as can be
 if you believe me to the
 I don't forget yr white talk
 drawers - did you talk
 about them - I don't
 get the drawers - I
 called -

I am well & hope you are
 well too. I have not
 heard from you for some
 time. I am well & hope
 you are the same. I
 have not heard from you
 for some time. I am well
 & hope you are the same.

this a. m.

W. facinet mother has
bought halibut for us &
he has been offered, trout
& salmon, & beef, & more
of halibut - so we shall
not starve. The shubarba
very poor, partly brought
& partly picked, picking
W. looks got the hands
pretty well settled, a
very little more will
pick it - your room
looks very grand with
the carpet - only the
colours of the beds & wash
stand disagree they do
be blue or buff to go
with the carpet & if
you want to have it
just so, had better
bring in a new name
to redo them, & do the
chest of drawers, I wish
I had that big one at
home here, not to come

it is especially suitable, but because
I don't like it - at home it lets us
so much dust. I quite forgot
about sending the two ^{up to the school} chairs
like the ones at ^{in the school} Dues
quite intended to do this, as two
of the old cherry ones, are broken in
the back, & much as I may regret
them, I fear they are done for. I fear
father will have to do this - I was
over at the big house today, & he gets
an iron bed spring & mattress, a washing
stand & dressing table  of this style
look like oak, for \$16.00 a set they
get them from the factory at Beauchamp,
I think - is it not surprising - I cannot

for them, 2 are in Clara's
room & two in Coura's.

I have your silver thimbles
(by mistake) & if you are in
the way get the two of the
common celluloid ones
& some junket tablets -
please post these, also bring
some of my calling cards,
just 5 or 6 for strangers
I brought my case & only
1 in it - Don't keep any
of these things on your
mind just - do them if
in the way, & you happen
to remember - I will
repeat them all later
if they can be seen to
where your names are
over - I hope dear you
are careful of yourself
& that today has been
pleasant, if you went
on the excursion =

Try for a quiet spirit, it
keeps the quarries & strains
from ruffling & wearing
& in Gods sight is of
great price.

I hope a letter from Clara
is on its way down
Mother had one from Holy
Meret Tuley that had
been to Montreal. Please
put the ho. on this for
Mrs Vaughan - Tell
Mrs M - that we shall
look for her, till she
comes, her bed will be
made, Monday morning
& all in readiness. I
have heard of some on
Sofia will I hope do over
the mattress successfully
69, now I am going to try
& rest as much as I can
Miss M - has been very
obedient, & I hope will go
