

The plate without changing any other  
name than Pictor's, ~~as~~ I send this because

I know you would wish  
to be as accurate as possible.

In the geological colouring,

Your map is, considering the small  
scale, wonderfully correct.

It having occurred to me that you  
might prefer your name to the  
name of Pictor's as in your  
copy of part of it? as in your  
map showing the true position  
of Pictor's but two copies to show the  
position of Pictor's. It might be altered or

The flat surface showing any other  
 name than P. de la ... I send the ...  
 I know for ...  
 to be accurate ...  
 for the ...  
 ...  
 ...

It having occurred to me that you  
 might receive your 'France' in the U States,  
 I send a copy of part of N 8 as in your  
 map, showing the true position of Victor  
 I have put two crosses to show the positions  
 in your map. It might be altered on
