W Dawson Esq

Dear Sir

Your letter of the 20th of May
lost as well as the box of Minerals reached
me some time ago and should have
had my attention much earlier but my
absence from home for some time past has
caused much neglect on my part towards
Correspondents which I hope to repair in
the close of summer.

Towards the close of next
month I hope to be able to make you up
a package of Minerals in return for the
one you ~~sent~~ kindly sent me, of which I
will inform you by mail so soon as it is
forwarded.

Do you do anything in the way of
collecting land and fresh water shells? I am
about commencing a collection of specimens
in this department of Natural History and
would like shells from your country for which
I would return Minerals or anything else desi-
-rable that is connected with Natural History
that I am able to obtain

I am Yours Truly
J White Williams

The minerals of Nova Scotia are at all times
