

Engraving Lithographic Copperplate & Letterpress Printing Estab^t

3, St. James Square, Edinburgh 18th April 1853.

Messrs Dawson Son
Dear Sirs

I enclose Impression of
one of the Geological Views for your
inspection and remarks - the other 3 I
purpose doing in the same manner
and the cost will only be as marked
on the other side and I hope you
will approve of the substitution of engraving
instead of lithography. I am getting on with
the map and hope to have all ready in
good time.

Yours truly

W. H. Lizars
