My dear Sir

When I write

from ...

first, I had

received only

summary of your

of Aug 20

letter by telegraph.

the ...

reminded me in

Have pretty well

appeared. Just

meaning. The com

dition of the work.

It is very much

what I had been

prepared to expect

and I give you

with your views

as to the proper

means for securing

profits. For the law

police, and other

to proceed to quite
at once on any
thing that can be
done for you in
particular and for
the general interests
of the cause of the
Liberator. I shall
be in the city
for a week this
week to Boston where
I shall remain a day
or two in order to
see how things
are getting on
it will be well

My visit to Britain
has been very pleas-
ant and profitable.

I met with a
very kind and

flattering reception

from the many emi-
nent persons assem-
bled at the meeting

of the British Association
and most two

papers which were
very well received

I trust also some
very good opportunities
for collecting the best
views on educational
matters. With respect
to a degree I have
every reason to hope
that it will be
conferred by the
College Seniors
and that the
papers which were
sent will be reviewed
