My dear Prof. Dawson

Can you obtain
and send me an extra copy
of the April number (No. 2)
of Canadian Naturalist which
has just reached us here. I
wish it on account of Mr
Rice's list of N. Quebec Red
Birds. I believe all his specimens
you will be always gladly
received

I wish to give you
a copy of the article on
Mammals

Sincerely yours
J. Y. Baird

Prof. J. W. Dawson
Montreal

I read with great interest your paper
on the white Mammals
and the satisfactory explanation
the characters of the Mountain
Mammals

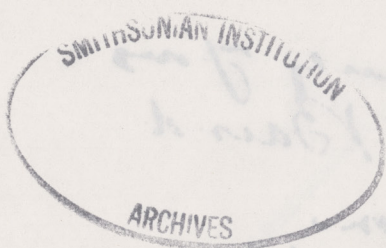

Dear Dr. J. W. Dawson

for Henry's
reply to me
is so well
of a personal
nature to come
and accepted
in New Brunswick

God bless
about a house

I hope
