My Dear Sir

Happening to
meet Mr Bruce Johnston the
other day in Edinburgh, he
asked me to return the
Testimonials in favour of Dr
Dawson wh^{ch} the Lord Provost
had sent to me - as you
wished to preserve them on
behalf of yr friend -

I have accordingly returned
them to him

But to-day, whilst again
examining my University
Bundle I fell in with a
number of letters addressed to

myself relating to Dr Dawson.

I think that I had better let you see these, in case you think them worthy of being preserved.

In writing lately to Sir Charles Lyell, I mentioned that an effort would be made to have a Chair of Geology established in Edinburgh, and that I hoped Dr Dawson might then have another opportunity if he liked of coming to us.

I remain, Yours very truly
Dawson
