My Dear Dr Dawson

I am anxious to obtain casts of the Englewood Neanderthal skulls; and also one of a Gorilla. Can such be procured in Montreal; or do you know where, on this continent?

Pardon my troubling you in this matter. You are no doubt making preparations for another winter Campaign. I called on you when in Montreal this summer, but found you off, enjoying yourself, I hope. I meant, among other things,

I have spoken to you about
the Gilchrist Scholarship.
I do not know how it is
with you; but our men
scarcely look on it as a
boon. Deduct from the
£100 Sts. the expensure
travell, going and coming,
with needful outfit, and
the ballance is trifling.

My idea is, if they could
be induced to make it a
Graduate Scholarship, to
be competed for among
our men, after they
have taken their degree,
when a visit to European

seats of learning is of
the greatest value; then
it would be of real
utility. I thought of
writing to Prof. Carpenter
on this. What say
you? If you concur
with me, I should be
glad to join you in
such a representation.

Believe me
most truly yours
Dan. Wilson
