

Somerset Mills Me Nov 20<sup>th</sup> 1869  
Prof. J. H. Dawson;

Dear Sir;

Yours of Oct 26<sup>th</sup>  
is at hand. You can retain the  
specimen as long as you desire,

In reference to parting with the fossil  
I will say that I had intended to have  
retained it with a little collection that  
I am collecting, but will dispose of it  
to you for one hundred dollars, Canada  
currency if you ~~if you~~ like, but would  
like a cash of it, & should also like  
to have you let me know what you  
& other Palaeontologists decide in reference  
to its nature. I would part with it the  
more readily, knowing that if you have  
it would not only be more safe, but would  
be more easily accessible to scientific  
men whom might desire to examine it.

If you should conclude to retain it  
the money may be sent by draft or  
by express to this address.

Yours truly

H. A. Morrell
