

Montreal 2^d Dec 1869

My Dear Sir

I return the
British Stenofishes with
thanks. I have found the
small wood cut which
is inclosed hereunder. I
received a letter from
Dr. Bigsly this morning
in which he asks for
any new names of Devonian
Fossils for his thesaurus
Devonian that may have
been lately proposed. Have
you any to send him? I
have none.

Yours

Very truly
E. Billings
