

GEOLOGICAL SURVEY OF CANADA

(Museum and Office, 76 S^e Gabriel Street) MONTREAL.

17. Feb^r. 1870

Dear Sir

I return you, enclosed,

Mr. Brown's letter. I have written to him saying I shall be happy to give his son work on our survey.

So far as I could do so, I have also told him what the position & prospects of the survey are; particularly as regards the possible contingency of its being discontinued when the term expires for which the Act of 1868 gives it life.

and I have likewise requested him to tell
his son that he must not expect the
same rate of Remuneration here as
he received in Victoria. I have thought
it best to do this in order that Mr.
Brown should not recommend his
son to quit Australia without full
knowledge and consideration of the
position of the Canadian Survey.

I am very dear Sir

Yours faithfully
