44. Buckingham Street, Strand, W.C.

London 27. April 1870

My dear Sir,

I called at the Office
of the East London Fisheries and
Sea Guard Marine, the Secretary, he
promised to send Mr. Dawson a
list of the Seering Clipes and said
that he or Admiral Fishbourne
would gladly escort him to any of
the scenes of action if she will be so
good as to say what time will suit
her -

Yours faithfully
Grip Macpherson's Boys & girls

Refuge - Commercial Road -
Hutchapel is worthy of a visit
and especially so as Miss Maffey
is a lady who has devoted herself
and her fortune to the work, and
I am told intends going to Canada
with some of her young proteges in
the course of the summer.

I spoke to my friend Miss Weston
about her work among the Navies
and she promised to write to
Mr. Dawson and to make some

appointment with her to visit
the men at work on the Thames
Embarkment.

I have made enquiry about Miss Hall
but hear she has gone to the Country
for a little rest.

With kind regards to Mr. Brown
and yourself believe me

My dear Sir

Very faithfully yours

Wm. Pitt Rivers

A note addressed to me here

will always find me and if I
am in of any service pay let me
know.
