29<sup>th</sup> May 1870

My dear Sir

I had intended to be home by the beginning of this month, but unfortunately, my eldest daughter, who was one of our party, took fever in Italy, which caused me a detention of about four weeks at Munich, so that I only got back on Friday evening last.

I presume that your father is now in this County, & will be very glad to make his acquaintance. I beg that you will let me hear from you, naming an early day (after Wednesday next) that will be convenient to him to accompany you, out here, coming by an early train & returning in the evening.

I will also be glad to learn the probable time  
of your father's return from this Country, in

prepare the package which  
I would not wish to say he would take  
charge of for D<sup>r</sup> Carpenter.

I hope that you have been pleased with your  
residence in this Country & remain

Very sincerely yours

Robt. McAndrew
