

Minto House

June 28th / 78

Dear Dr Dawson

I send you
with this the specimen of which I
was speaking, & which I shall be very
pleas'd to make over to you if it is of
any value to you. I collected it my-
self & can guarantee the locality.
I am sorry to say that I can not at
this moment lay my hands upon
a piece of Siberian Anthracite, but
I will send you a piece this autumn.
yours faithfully

W. Alleyne Nicholson
